

# 133rd Annual White Family Reunion

will be held at 11 a.m.  
Saturday, August 14, 2021  
White Reunion Grounds  
Maple, West Virginia

This summer we invite you back to the White Family Reunion in person. Thanks to the COVID-19 vaccine, the pandemic has subsided and the Centers for Disease Control says it's safe to meet together outside again. We are counting on everyone attending being fully vaccinated against COVID-19 so everyone will be safe. Unvaccinated adults and children must wear masks and maintain social distance. If conditions change, consult our website, [www.whitefamilymaplewv.com](http://www.whitefamilymaplewv.com), for more current information.

With the protection of the vaccine handled, we will all be able to enjoy our traditional reunion. So **bring your special dish and antique or other item of family interest for the auction.** We will sing our customary songs, enjoy a pot luck meal, visit with our cousins, play games, pose for the family group photograph, hold our fundraising auction, visit our ancestors' graves on the hill behind the log cabin, and conduct a brief business meeting.

This year we will have a **special event.** Our cousin, Tom Lowe, a descendant of Stephen White, is a **professional George Washington reenactor.** As George Washington, he **will make a presentation about his activities as a young surveyor and later landowner in the vicinity of our Reunion Grounds.** Tom has also written a book about his ancestors, "Berdine and Snodgrass: An American Pioneer Family." He will bring a few copies to the reunion for your interest and possible purchase.

Even if you can't attend this year, you can support the continuity of the Reunion by sending your contribution, payable to the White Family Reunion, to our Treasurer, Michael Bromley, at 2785 N. Woodview Place, Boise, ID 83702. Also, please send your family updates to Rebecca Bromley at the same address.

Elizabeth Martineau, President  
2909 Russell Road, Alexandria, VA 22305
